Make Changes In Program For South Mountain Fair; Annual Attraction Opens September 4

The South Mountain Fair association Tuesday evening began the task of clearing up the many details that must be completed before the annual fair begins September 4.

Meeting at the fairgrounds committee chairman outlined to President Arnold Orner and Secretaries Harvey B. Raffensperger and W. Clayton Jester various minor changes they hope for in connection with their part of the fair and discussed arrangements for the innumerable activities that make up the annual attraction.

One of the changes is the decision to hold the horse show during the morning and afternoon of September 8. The program has become too large to hold during one afternoon, members of the committee pointed out.

Horse Show Changes

Horse Show Chairman LeRoy H. Winebrenner outlined a number of changes in the classifications. This will permit a wider spread of the prizes and also permit all types of horses and ponies to be shown in different classifications "so that everyone will have a chance to win prizes, instead of just a few with top horses and ponies," Winebrenner said.

Among the new classifications are a western horse class and a gentleman's pleasure horse and a lady's pleasure horse class. In the ponies one class will be for children under 12. The committee believes that such a classification will give the younger riders more of a chance in the competition. Older youngsters had been regularly winning the pony classes it was said. Now the youngsters will compete in different age groups.

Other Changes

Baled hay was added as a class for competition in the farm crop division, with \$3, \$2 and \$1 prizes offered. Popcorn was also added with similar prizes.

A new class—best plate of apples of any variety, with a \$5 award—was added to the horticulture department and numerous other changes of a similar nature were made in the premium list to increase interest and the number of exhibits.

The group checked the premium list and made recommendations for changes, more of which are expected to be made at a meeting of the board next Tuesday evening at the fairgrounds.

MAKE REPAIRS TO MEMORIALS

Work on the repair of the Pennsylvania monument is progressing according to schedule, Dr. J. Walter Coleman, superintendent of the Gettysburg National Park, said today. Workmen have been engaged making the necessary repairs according to a contract awarded several weeks ago.

Repairs to the Eternal Light Peace Memorial will be made as soon as the granite is received. According to the contract granite will be used to replace the deteriorated Alabama limestone on the memorial. However, the damaged stone will not be removed until the granite pieces, cut according to contract size, has been delivered here so that it can be placed as soon as the limestone is removed.

Doctor Coleman said that the contractor had advised him that the stone will be delivered in the early future and that the repair work on the memorial will be completed on scheduled time.

ANNUAL ASPERS CARNIVAL NETS PROFIT OF \$1,389

The Aspers fire company today announced a net profit of \$1,389.30 on its 14th annual carnival, held on the grounds adjoining the fire house at Aspers. The money will be used toward paying for a new pumper received early this year.

Robert Eisenhart, president of the fire company, said gross receipts for the three nights, July 19, 20 and 21, were \$2,713.09, and expenses \$1,323.79. Prizes, all donated by merchants and manufacturers, were distributed to 60 winners Saturday night.

The net receipts, Mr. Eisenhart said, were lower than usual because of inclement weather the first two nights of the carnival. Net profit last year was approximately \$2,100. The crowd on Saturday night, however, was the largest in the history of the carnival, and helped make up for the two preceding nights.

Plan Playground Mr. Eisenhart today extended his thanks and that of the fire company to all those who helped make the carnival a success.

The Aspers firemen now have two pumpers and modern equipment. The new one, costing \$9,876, has a 500-gallon booster tank and high and low pressure pump. It is a Reo with Laverne pumper. The old truck, purchased in 1934, is also a Reo-Laverne, but with low pressure pump only. The company has 2,000 feet of 2 1/2 inch hose and 300 feet of 1 1/2 inch hose, besides fog nozzles, chemicals and other modern fire-fighting equipment.

In addition to purchasing a new fire truck, the Aspers Fire company also bought five acres of land at a cost of \$3,000 which will be developed as a parking lot and public playground.

Say Veterinarian Is Needed Here

Adams county farmers today were seeking some way to keep a local veterinarian out of the armed forces.

Dr. James Martin, who holds a captain's commission in the Air Force reserve, has been recalled for active duty, starting September 17, but local farm officials hope to be able to convince the air force that he is more needed here than in Germany, where his orders assign him.

Previous efforts had resulted in Doctor Martin being classified as essential for civilian duties in May. With the new reclassification he has been sent orders to report September 17 to Mitchell Field, N. Y., for assignment to the air force center at Weisbaden, Germany, where he will be given active assignments.

Doctor Martin received his commission as a captain in World War II, but was not called to active duty at that time because of the number of veterinarians in the service.

Picnic Areas, Bikes Needed, Tourists Say

Gettysburg needs more picnic areas and should have bicycles for rent, according to tourists. Presumably the bicycles would be for use in "touring" the battlefield.

Two parties of tourists, one from Ridgefield Park, N. J., and the other from Santiago, Chile, commented on the lack of bicycles for rent on the registration cards they signed recently at the information booth in Lincoln Square.

The comment about picnic areas came from a party of tourists from Belvedere, Ill. A Los Angeles, Calif., tourist, accustomed to west coast weather, said it was "very hot here."

METER IS DAMAGED

Borough police reported that a parking meter post on Lincoln Square was bent Tuesday by a truck.

Washington, Aug. 1 (AP)—Secretary of State Acheson rejected flatly today the Communist proposal that a buffer zone be set up in Korea along the 38th Parallel.

Acheson told a news conference the Reds wish to go back to a line over which they launched an unprovoked attack—to start the Korean war—and he said that is not acceptable.

He added that Secretary of Defense Marshall has made it entirely clear that any demarcation line must be a defensible line.

Events have shown, Acheson said, that this not true of the 38th Parallel.

U.N. Advance Headquarters, Korea, Aug. 1 (AP)—United Nations and Communist truce teams again today refused to budge from their opposing stands on where to establish a buffer zone across Korea.

Vice Aim. C. Turner Joy, chief U.N. delegate, talked for an hour and 13 minutes telling the Reds what was wrong with their demand. It was the longest speech that has been made in the 16 Kaesong cease-fire talks.

The Communists want a buffer zone back along the 38th Parallel, the old political boundary line between North and South Korea. That is inferior terrain for military defenses.

"Military Realities"

"Since this is a military armistice," Joy told the five Red generals, "we are interested only in military realities."

The U.N. insists that the cease-fire zone be established along present battle lines, where both armies would be in good defensive positions.

Brig. Gen. William P. Nuckols, deputy U.N. public information officer, told a news conference: "Lieut. Gen. Nam Il, chief Red delegate, seemed to understand the United Nations position but couldn't appreciate the logic that we used to arrive at that position."

Nuckols said the U.N. delegates were patient.

He reported Joy gave a "patient, logical, detailed analysis and refutation" of the Red position.

Cites Hague Agreement Joy quoted a definition from the Hague Convention to emphasize the logic of the U.N. position. The Hague agreement says:

"A military armistice is a suspension of military operation by mutual agreement between the belligerent parties."

Nuckols noted that General Nam's statements frequently contained quasi-political overtones instead of being confined strictly to military questions.

An official communique said delegates "failed to make progress toward an agreement" in their two-hour and 25-minute session Wednesday. Nuckols said he wouldn't call the talks stalemated.

Negotiators agreed to meet again Thursday. That will be their 17th session and the seventh at which creation of a buffer zone was the paramount issue. The meeting was set to start at 11 a.m. (8 p.m. Wednesday E.S.T.).

May Take Recess A possibility the Red negotiators might then propose a recess of several days was suggested by Communist propagandists outside the (Continued on Page 5)

ARRANGE GAMES TO BREAK TIES IN SOUTH PENN

The South Penn Baseball league moved the beginning of its playoff schedule to August 19 at a meeting Tuesday evening in order to make room for the breaking of ties expected to result from Saturday's game.

Meeting at the Albert J. Lentz American Legion home, Baltimore street, the circuit made arrangements which it hopes will meet every eventuality that can result from the Green Springs-Hunterstown game to be played at Hunterstown Saturday.

Postponed from June 10, the game Saturday will cause a number of complications. If Green Springs wins, Hunterstown will be the tie with Granite for second place. If Hunterstown wins, Hunterstown will be the tie with Brunshtown for first place and Green Springs will be the tie with Gettysburg for fourth place.

With the absolute certainty of ties either way the game goes, the league set Saturday, August 12, as the date for playing off whatever ties result from this Saturday's game. It will then begin the playoffs between the first four teams for the loop title on August 19.

Further plans were discussed for the All-Star game to be held by the league Sunday at Brunshtown. The All-Star tilt was one postponed from July 4.

One of the All-Star teams will be composed of players from the Gettysburg, Brunshtown, Granite and Greenmount teams, with Rogers Herr, Gettysburg, and Ike Weaver, Granite, as managers. The other team, managed by Tom Murren, Brunshtown, and Mel King, Hunterstown, will include players from Barlow, Brunshtown, Green Springs and Hunterstown.

association. Those not used are redeemable.

Urged To Advertise
Each merchant is requested to provide "a real bargain" for sales days, in addition to giving prices. Most merchants will distribute free samples, and some will have demonstrators.

Merchants were exhorted, at Tuesday night's meeting, to "advertise what bargains you have; prospective customers can't smell bargains, tell them what you have in your advertisements."

Frank Hower, secretary of the association, reported that the organization now has 82 paid-up members.

A suggestion that a luncheon club be formed to hold weekly noon-day luncheon meetings, did not meet with sufficient approval for further consideration at this time. President Bender suggested that as many merchants and storekeepers eat downtown each noon, a luncheon club could be a good meeting place for the exchange of ideas.

President Bender appointed a committee, composed of Mrs. Helen Price, Mrs. Francis Wisotzky and Mrs. Charles Utz, to arrange programs for meetings.

Complete Surveys Of Maryland Roads

Surveys have been completed, according to Russell H. McCain, chairman of the Maryland State Road commission, for a major overhaul of serious curves on Route 15 between Thurmont and Emmitsburg and estimates are being prepared on which it is expected bids will be asked. There will be a relocation of Route 15 at Franklinville to eliminate one of the worst curves on the road. Other curves, both vertical and horizontal, will be eased or eliminated along the general line of the request made by the Route 15 Improvement association, composed of Thurmont and Emmitsburg residents.

On the subject of the new Washington expressway, Mr. McCain indicated the dual lane will be extended to near Clarksburg where it will tie in with existing Route 240. Plans now call for widening and resurfacing old Route 240 from Clarksburg to Henderson's Corner, where it connects with a highway rebuilt within recent years to handle the heavy Washington traffic.

BINGO "QUIZ" POSES PROBLEM

Rock Island, Ill., Aug. 1 (AP)—State's Attorney Bernard J. Moran was trying to figure out today whether addition of an ultrasimple quiz makes bingo legal.

The Playmore club, where Moran recently stopped a version of the game called "fish bingo," has come up with a new twist involving a dish of ice cream and a quiz.

Moran said club patrons pay \$1 for a small cup of ice cream and a set of bingo cards. The \$1 charge is for the ice cream; the bingo is free entertainment, he said the club maintains.

After each bingo game the winner receives a slip authorizing him to compete in the quiz contest embracing such brain beaters as: Name an animal that has four legs.

"Who is president of the United States?"

"In what river does Rock river empty?" (Rock river empties into the Mississippi at Rock Island).

"They take no chances on a wrong answer," Morgan stated. "If anyone in the group of winners shouts the right answer, everybody with a slip gets a prize."

"Fish Bingo" was slightly different. Patrons paid \$1 for a plate of fish. Each plate entitled them to a set of cards for free bingo.

"That was fishy so we stopped it," Moran said.

To Draft 41,000 Men In October

Washington, Aug. 1 (AP)—The Defense Department today called for the drafting of 41,000 men in October—5,000 for the marine corps and 36,000 for the army. The total for the month is an increase of 6,820 over that previously asked for September, when the army is to get 28,000 and the marines 6,180.

The marine corps resorted to the draft in August for the first time since the start of the Korean campaign. Under the call, October will be the third month of drafting for marines. In the August-October period the marines expect to draft 18,180 men in addition to obtaining recruits through a continuing volunteer program.

The October call for 41,000 is the highest monthly draft quota since March when 80,000 men were requested, all for the army.

INDIANS LOOM AS YANKEES' CHIEF THREAT

By JOE REICHLER
(Associated Press Sports Writer)

Cleveland's onrushing Indians loomed today as the chief threat to New York's hopes of retaining the American league crown now that Boston's Red Sox are showing signs of losing their magic touch at Fenway Park.

Continuing to rebound from two straight licks at Yankee Stadium, the Indians last night made it four victories in their last five games by conquering the Senators in Washington, 5-3.

The triumph gave the Tribe undisputed possession of second place, two games behind the Yankees and one in front of the third place Red Sox.

Chisox Lose Another
The Red Sox, in absorbing a shocking 8-6 setback at the hands of the lowly St. Louis Browns, now have lost four out of seven since returning to Fenway Park where they were believed to be well-nigh invincible.

Chicago's first half season flashes continued to plunge downward dropping a 4-2 decision to the Philadelphia Athletics. The defeat, the 10th in their last 11 games, dropped the fourth place White Sox a discouraging seven and a half games behind the idle Yankees.

The arrival of August finds the Brooklyn Dodgers sailing along serenely with a nine and a half game advantage in what is laughingly called the National league pennant race. The runaway Dodgers ran their victory streak to 10 in a row with a 8-3 win in Pittsburgh.

New York's runner-up Giants kept pace with a 4-3 victory in Chicago. Philadelphia's defending champion Phillies swept past St. Louis into third place with a 7-5 triumph in Cincinnati while the Boston Braves were shutting out the Cardinals, 6-0.

16th For Feller
Bob Feller, baseball's biggest winner, notched his 16th triumph as the Indians rallied for three runs in the top of the ninth to overcome a 3-2 Washington lead.

Don Newcombe hurled his 15th win for Brooklyn as the Dodgers hammered Howie Pollet and three successors for 16 hits. Newcombe starred at bat, too, with three hits. Duke Snider and Pee Wee Reese homered for the league leaders.

The Phils, still smarting from Manager Eddie Sawyer's tongue-lashing on slacking, rallied for six runs in the ninth to overcome a 5-1 deficit and whip the Reds, 7-5. Del Ennis' three-run homer off Howie Fox highlighted the assault.

Interstate League

(By The Associated Press)
The Wilmington Blue Rocks defeated the league-leading Hagerstown Braves 6 to 4 last night—but the victory was an outright gift. Hagerstown defense, which generally is good indeed, collapsed in the eighth inning when the Rocks scored five times. The Braves committed three costly errors, assuring their downfall. Dick England was given credit for the win, although Neil Johnston was called in for a relief stint in the last two innings.

The Allentown Cardinals broke loose with six runs in the sixth inning to pummel the Harrisburg Senators 9 to 2. Danny Lewandowski scattered seven safeties while posting his 17th victory against four losses.

Keith Kelley won his 12th game as Lancaster trounced Sunbury 10 to 3. The Red Roses' star hurler did not yield a hit until the seventh inning. Then, in the eighth, Dale Steen was summoned to smother a Giants rally which had produced three runs.

The York White Roses and Salisbury Athletics battled 13 innings to a 4 to 4 deadlock, only to have the Pennsylvania curfew law write off the proceedings as futile—except as entertainment for the fans.

Tonight's games: Sunbury at Lancaster, Harrisburg at Allentown, Wilmington at Hagerstown and Salisbury at York (2).

Says Major League Picture Intolerable

Washington, Aug. 1 (P)—Chairman Celler (D-N.Y.) of a House judiciary subcommittee investigating organized baseball said today that having major leagues only in the eastern states is "intolerable."

"There must be changes," he told newsmen. "And I'm going to insist on it. We can't have this iron-clad system forever."

The committee, trying to determine whether baseball should be exempt from anti-trust laws, looked today to two minor league spokesmen for further information. They are Harry Simmons, public relations man for the International league, and George Trautman, president of the minor leagues' National Association of Professional Baseball clubs.

Celler's blast today was touched off by the testimony yesterday of Ford Frick, National league president, regarding the rejection of major league status to the Pacific Coast league.

Sports Roundup

By JOHN CHANDLER

New York, Aug. 1 (P)—Four weeks ago a man in his upper 80's stepped briskly across the dusty course at Historic harness racing track, Goshen, N. Y.

He was called from the grandstand to receive a trophy after his two-year-old pacing filly, Galatea, had won the Debutante Stake in two straight heats.

The crowd gave a cheer and clapped hands when the man took off his hat, displaying a head of snow white hair, and made a little speech.

He was William Neal Reynolds, the Winston-Salem, N. C. tobacco tycoon, one of the grand old men of the harness horse sport.

Another Trophy
Reynolds, who has been in the game most of his life, shook the hand of his driver, balding Del Miller, the 37-year-old trainer and reinsman who has handled the tobacco man's horses since 1942.

An hour later, the loud speaker called out again for the dean of harness horse owners to come on out in the hot sun and claim another trophy.

This time it was for Betsy Volo's straight heat victory in the \$17,911 Coaching Club Trotting Oaks. The grandstand crowd roared again.

A Top Contender
One week from today, at Goshen's Good Time Park—just a stone's throw from history—they could be summoning Reynolds to accept the huge cup that goes to the winner of the Hambletonian.

Betsy Volo is one of the top contenders for the rich trotting classic for 3-year-olds which is expected to have a record value of \$90,000.

"I think I've got a good chance," said Miller, who drove the 1950 winner—Lusty Song—to victory in the Hambletonian.

Joe Louis Fights Argentinean Tonight
San Francisco, Aug. 1 (P)—Aging Joe Louis, whose great ambition is to become the first ever to win back the heavyweight championship, battles it out tonight with Argentina's best prospect of 25 years—Cesar Brion.

Their 10-round fight at the Cow Palace, expected to return better than \$50,000 in gate receipts, is highly important to both.

Louis will be at the end of the road if defeated. The ex-champ must win this one or else his chances of getting a crack at the crown will be gone, probably forever. Louis beat Brion for a 10-round decision last November in Chicago but the 24-year-old contender from the Argentine has improved greatly since then.

Louis is expected to weigh in around his favorite fighting weight of 212 pounds. Brion is a 195-pounder.

Hard To Pick Winner Among Lefthanders
Youngstown, O., Aug. 1 (P)—The National Lefthanders' Golf tournament goes into quarterfinal and semifinal match play today assured of a new champion. But the most expert guesser would hesitate to pick him out of the eight survivors from a starting field of 95.

Winners of this afternoon's semi-final meet in a 36-hole match for the title tomorrow afternoon.

Second and third round play threw the race wide open by eliminating one co-medalist and two former champions who had, between them, won the crown five of 16 times it's been up for competition.

The biggest upset since the qualifying tee-off Monday was scored yesterday afternoon by Ken Mast, 25-year-old Bluffton, O., college coach. Mast upset champion Bob Buchanan of Indianapolis in the third round, 3 and 2. The other ex-champ to bow out was Alvin Everett of Rome, Ga., a three-time winner. Everett was an easy 6 and 4 second-round conquest for Jim Bartell, Jr., of Tarentum, Pa.

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY-FIVE YEARS AGO

H. H. Miller Is Elected Head Of Commerce Body: H. H. Miller, manager of the Gettysburg Gas company, was signally honored by the directors Tuesday evening by being elected president of the board. Mr. Miller succeeds Edmund W. Thomas.

George W. Boehner was elected vice president, and David Blocher was unanimously re-elected treasurer of the organization.

Election of a secretary will be held later. Mr. Sloan, the present secretary, will be a candidate.

Directors present at the session were Edmund W. Thomas, W. A. Miller, David Blocher, George W. Boehner, C. A. Bixler, A. A. Jones, Henry Scharf, H. C. Mittinger and P. W. Stallsmith.

Simple Rites For R. T. Lincoln. Manchester, Vt., July 29—Final rites for Robert Todd Lincoln, son of President Lincoln, were held yesterday in the shadow of the Vermont hills he had come to call home. Extreme simplicity marked the brief services at Hildene, where the former war secretary and minister to Great Britain had sought rest and recreation in the last quarter of a century. He died there Monday. Mr. Lincoln would have been 83 years old on August 1.

He is survived by his widow, two daughters and a number of grandchildren.

Large Crowd At Lutheran Picnic: There was a record attendance at the annual picnic of St. James Lutheran Sunday school at Arendtsville Union park Thursday, more than 400 persons being present, the largest number in several years.

Many contests featured the outing and rivalry for the prizes was keen. The contest committee comprised "Junie" Bream, Wilbur Weikert, Curtis Klinefelter, Mildred Stoner, Edith Wright and Sarah Black. The winners were as follows:

35 yard dash—Ethel Lowery, Blanch Shultz, Edith McClellan, Louise Hartzell, 60 yard dash—Evelyn Bream, Romaine Hartman, Mahlon Hartzell, Harold Sheads, Wilbur Little, Edward Hughes, Dennis Fissel, Harold Oyler, Bag race—Blanch Shultz, Lillian Mumper, Romaine Hartman, Anna Aughinbaugh, Joseph Reaser, Edwin Klinefelter and Glenn Pitzer.

The transportation committee comprised Mahlon Hartzell, Charles C. Culp and Curtis Kline.

200 Enrolled At Twentieth Assembly: With more than 200 enrolled for the courses, the twentieth annual Summer Assembly of the Lutheran church opened at the Theological Seminary Friday evening. The Rev. Dr. S. Winfield Herman, of Harrisburg, is president of the assembly and is in charge of the classes.

Among the speakers are R. B. Manikan, a Brahman, of India; Rev. Mr. Lynn, of Japan; and Dr. Paru, a native Hindu woman.

Butler Township Gets Show Honor: Miss Marie Thomas, of near Biglerville, was awarded the first prize ribbons in three of the four classes of gladioli shown at the first gladioli display under the auspices of the Gettysburg Flower Club at the fire engine house Saturday and also the sweepstake prize offered by the Gettysburg Times.

The judging was done by Dr. Norman Keefer, gladioli expert. The winners in the various classes were Miss Marie Thomas, John Kadel, Miss Marie Thomas, Mrs. John Kadel, Mrs. Emory Hahn; Miss Marie Thomas, Miss Lucille Thomas.

Pastor Tells Of Mexican Crisis Among Catholics: Catholics of Gettysburg and Adams county knelt in simple and direct prayers for their "persecuted brethren in Mexico" at the masses held in all parishes Sunday.

The prayers in this diocese were but part of a world-wide observance of the Feast of St. Peter in Chains. More than 20,000,000 Catholics throughout the United States joined in the observance.

In his sermon, the Rev. Father Mark E. Stock explained the Mexican situation to his parishioners. A letter addressed to Bishop Philip R.

Today's Talk

By GEORGE MATTHEW ADAMS

THE COW BELL
I wonder why we do not hear more cow bells as we travel about. To me the ring of this bell as its wearer moves from spot to spot, as though something out of this world, as though some eternal note were being struck to form an echo in the cast of a poem.

When driving through the country, whenever I come near to a pasture where there is a cow bell tinkling, I stop and listen. It takes me back in memory to some of the happiest days of my life upon the farm. This entire earth is constructed in poetry form, so that whenever the faintest note of music is heard, a universal chord of harmony is set in motion, undying until it has lost itself in infinity.

At an antique shop some years ago I bought a handmade cow bell with a ring so true to the ones in my memory that I have cherished it ever since and now use it at my Summer retreat as a dinner bell! It is nostalgic to an extreme. You can almost hear its echo in Grey's "Elegy," and in some of the poems of Goldsmith.

I have never heard the ring of a camel bell, but it must be something like the cow bell, though I would guess in tone much more delicate and far reaching. Over and over again, Burton in his magnificent poem "The Kasidah," refers to "the tinkling of the camel bell," as though to emphasize the breadth and stillness of the vast desert.

Perhaps one reason why we so seldom hear the cow bell is that these animals are now more securely fenced in and not turned loose to wander with their telltale bells to note their location.

I am sure our lives are kept richer and less lonely because of our memory. Our mind's eyes keep turning to the past for a fleeting sight of some of the blessed experiences that made our youth, or later years, full, vital and free. Perhaps the cow bell of our memory remains as a symbol of spiritual exaltation?

Tomorrow Mr. Adams will talk on the subject: "Enjoyment—Not Possession."

Just Folks

By EDGAR A. GUEST

DISILLUSIONED
"Yes," he said, "the wife's away. Thought it would be fun to be free with old-time friends to play—Friends that seldom now I see. None to question: 'Why so late?' None to hear me bang the door. Thought that would be pleasure great; But it isn't any more."

"Thought the boys of old would cheer
Just to learn that I was free,
And for old times' sake appear
Glad to sit up late with me.
Yes, one night we had a game.
Some begged off who'd played before."

No, it wasn't quite the same;
And it can't be any more.
"Thought the boys would still be boys.
Now they're married, as am I.
Strange, how long remembered joys
Alter as the years go by.
All of us have wiser grown.
Cards don't interest now, as then.
So at home I stay alone,
Wishing she were back again."

Assumes Duties As Salesman: C. D. Stallsmith has tendered his resignation to the G. W. Weaver & Son dry goods store, as manager of the carpet and drapery department, of which he had charge for almost eight years.

Mr. Stallsmith, who has accepted a position as salesman for eastern Pennsylvania for the Kolorcraft company, of Cleveland, Ohio, began his new duties Monday morning.

St. Ignatius Picnic: Catholics and non-Catholics of Adams county journeyed to the Old Jesuit Mission at Buchanan Valley on Saturday to participate in the observance of the 109th anniversary of the building of the church.

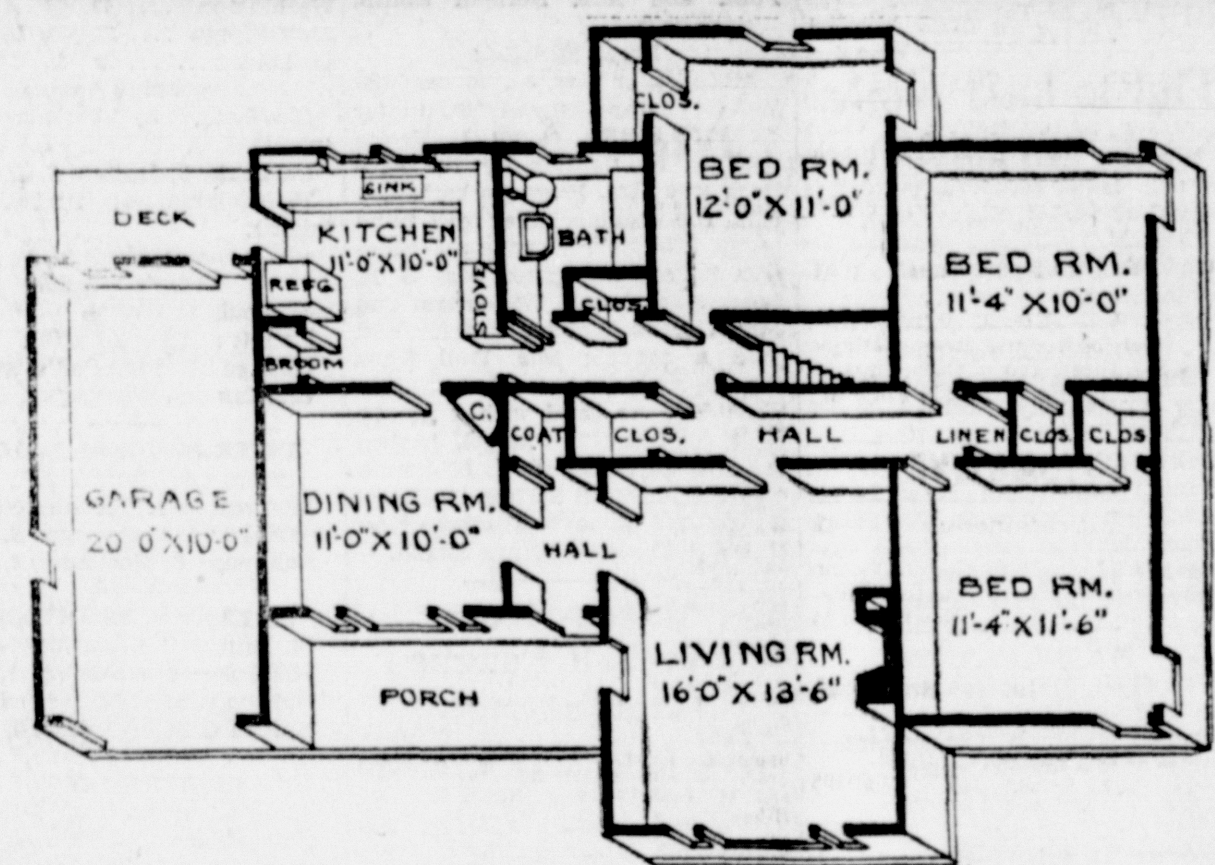

The Rev. Fr. Will Whalen sang a high field mass in the morning and also delivered a sermon on the early pioneers.

Personal Mention: Dr. and Mrs. Walter Danforth, Chambersburg street, are spending ten days at Cape Cod, Rhode Island. Lieutenant William G. Weaver and Lieutenant George Boehner, of the Officers Reserve Corps, left Saturday for a two weeks stay at Fort Eustis, Virginia.

News Of Interest To Home Builders--

The Brighton: A Handsome, Roomy Ranch House

Rooms Six
Bedrooms Three
Closets Eight
Cubage 21,900
House 3,000
Dimensions 42' x 26'

In addition to its all-modern kitchen, a spacious dining room and living room, the Brighton also boasts three good-sized bedrooms. These, plus the wealth of centrally located storage space, put this well-planned little house up near the top of the "best planned" list.

Cloppboards are suggested for the exterior finish of the house.

Measuring 42 by 26 feet, the Brighton has a cubage of 21,900 feet. The garage has a cubage of 3,000 feet. At least a 60-foot lot would be required for both the house and attached garage.

One step leads to the recessed porch which provides stormy weather protection for visitors to the Brighton. The front door opens into an entry hall which has a large coat closet at its further end. At the left of the hall is an archway to the dining room; the living room is on the right.

The large picture window, flanked by narrow casement windows, does a lot to "dress up" the appearance of the dining room. Measuring 11 by 10 feet, the dining room is large enough for the attractive arrangement of a conventional size dining room set and buffet. Mrs. Home-maker won't have any trouble whatsoever putting that corner china cabinet to good use.

Also featuring a good-sized picture window flanked by narrow casement windows, as in the dining

room, the living room's decorative appearance is further enhanced by the fireplace in the center of the right wall. Vying with the dining room for honors as the most attractive room in the house, the living room is 16 feet in length, and 13 feet 6 inches in width — large enough for a variety of friendly social gatherings.

Conveniently Located
Conveniently located next to the dining room, the kitchen is so planned as to make the job of meal preparation as easy and pleasant as possible. Work counters are arranged in an L pattern along the right and back walls in this 11 by 10 feet room. The stove should be placed at the right end of the working counters, beside the hallway entry to the kitchen.

Place the refrigerator against the opposite wall where it will be near the work counter surface, yet no great distance from the stove. You'll find the broom closet, beside the refrigerator, a welcome storage place for your vacuum cleaner, dust cloths, mops, polishes, etc.

The back door, located in the left kitchen wall, opens on the sun deck and provides easy access to the back yard — a feature you'll especially appreciate if there are youngsters in your family. This deck can be covered, if desired.

Attached to the house, the 20 by 10 foot garage can be reached directly from this sun deck. It receives plenty of light from the window in the back wall and the one in the side wall. Screens, storm doors and garden equipment can easily be stored in this garage.

Large Bath
Back in the house proper, the bath opens off the hallway, just to

contains a very roomy clothes closet. These closets join with the linen closet to form a three closet central storage area. The back bedroom measures 11 feet 4 inches by 10 while the front bedroom is 11 feet 4 inches by 11 feet 6 inches in dimensions.

A full cement cellar is recommended for The Brighton, with the heating equipment under the living room; the laundry under the kitchen. Be sure to provide a bulkhead for direct access from the laundry to the back yard so you won't have to carry the family washing up the cellar stairs, through the house and out the back door to hang it up to dry. Have a clothes chute connected from the bathroom to the laundry and you'll have no

FAIL TO BREAK TAX DEADLOCK

Harrisburg, Aug. 1 (AP)—A last-ditch effort to break the income tax deadlock was consigned to failure today.

Gov. John S. Fine met the five Republican senators who objected to the one-half of one per cent levy without piercing the stone wall of their opposition.

Sen. George N. Wade (R-Cumberland), one of the quintet, described the conference at the summer executive mansion at Indiantown Gap last night as "a pleasant evening."

"Beyond that," he told a news-

man, "we are all of the same opinion as before. He (Fine) didn't put any pressure on us at all. But I, personally, am not satisfied that we have to have the money that he is asking for."

Other GOP senators who participated in the session which lasted until early morning today were Sens. G. Graybill Diehm (Lancaster), Montgomery P. Crowe (Monroe), Donald P. McPherson (Adams), John G. Snowden (Lycoming) and M. Harvey Taylor, Senate president pro tempore.

All, except Taylor, form the hard core of opposition by 11 GOP senators to the \$119,000,000 levy designed to balance the governor's projected \$1,220,000,000 budget for the next two years.

Young AWOL Soldier Kills His Father

Chicago, Aug. 1 (AP)—A young army private, who police said was A.W.O.L., was held in jail today in connection with the slaying of his father who planned to turn him over to military authorities.

The victim, Andrew Riordan, 52, yesterday was found dead in his car, shot through the back of the head, in the Hyde Park police station garage.

Police said Riordan had picked up his son, Pvt. Gerald Riordan, 18, on a south side street and drove him to the police station to surrender him to military police who have quarters there.

The young soldier, who was stationed at Ft. Leonard Wood, Mo., was quoted by police as saying he shot his father but "I didn't mean to kill him." He was held without formal charge.

SESSION OF 1951

A JOINT RESOLUTION

Proposing an amendment to article nine, section eight of the Constitution of the Commonwealth of Pennsylvania to increase the debt limit of the city of Philadelphia.

The General Assembly of the Commonwealth of Pennsylvania hereby resolves as follows:

Section 1. The following amendment to the Constitution of the Commonwealth of Pennsylvania be and is hereby proposed in accordance with the eighteenth article thereof:

That article nine, section eight of the Constitution of Pennsylvania is hereby amended to read as follows:

Section 8. The debt of any county, city, borough, township, school district, or municipality or incorporated district, except as provided herein, and in section fifteen of this article shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, nor shall such county, municipality or district incur any debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. The debt of the city of Philadelphia may be increased in such amount that the total debt of said city shall not exceed thirteen and one-half (13½) per centum of the average annual assessed valuations of the taxable realty therein, during the ten years immediately preceding the year in which such increase is made, but said city shall not increase its indebtedness to an amount exceeding three (3) per centum upon such average assessed valuation of realty, without the consent of the electors thereof at a public election held in such manner as shall be provided by law. No debt shall be incurred by, or on behalf of, the city of Philadelphia.

In ascertaining the debt-incurring capacity of the city of Philadelphia at any time, there shall be deducted from the debt of said city so much of such debt as shall have been incurred, or about to be incurred, and the proceeds thereof expended, or about to be expended, upon any public utility, or part thereof, or facility therefor, whether separately, or in connection with any other public improvement or public utility, or part thereof, or facility therefor, may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay the interest and sinking fund charges thereon. The method of determining such amount, so to be deducted, shall be as now prescribed, or which may hereafter be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for the sinking fund to be in equal or graded annual or other periodical installments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvement of public works or utilities of any character, for which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for, and may include the debt of the interest and sinking fund charges accruing and which may accrue thereon throughout the period of construction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay such interest and sinking fund charges as required by section ten of this article until the expiration of said period of one year after the completion of said work.
